

Errata: Cressie, N. and Wikle, C.K. “Statistics for Spatio-Temporal Data,” Wiley, Hoboken, NJ (2015 printing).

p.23, l.8: Change “distribution of Y .” To “distribution of $Z^{(2)}$.”

p.23, l.9: Change “often simplies to” To “often simplifies to”

p.70, l.12: Change “implying that α_t ” To “implying that α_t ”

p.87, l.1,2: Delete “, and we write $\alpha = \alpha_1$ for notational simplicity”

pp.87,88,89,94:

Change all appearances of “ α ” To “ m_1 ”

Change all appearances of “ α_1 ” To “ m_1 ”

Change all appearances of “ α_2 ” To “ m_2 ”

Change all appearances of “ α_p ” To “ m_p ”

p.88, l.-4: Change the domain of t in Eq. (3.82) from “ $t = 2, 3, \dots$,” To “ $t = \dots, -2, -1, 0, 1, 2, \dots$ ”

p.194, l.-3,-2: Change: “Define q_k to be the proportion of the at risk-population that are in group k ” To “Define q_k to be the probability of death from the disease for a person in group k ”

p.345, l.6: After “dependencies (Section 4.2.5).” Add “A first-order (i.e., nearest neighbor SAR) results in a second-order CAR.”

p.446, l.15: Change “ $(\mathbf{H}_t' \mathbf{P}_t |_{t-1} \mathbf{H}_t + \mathbf{R}_t)^{-1}$ ” To “ $(\mathbf{H}_t \mathbf{P}_t |_{t-1} \mathbf{H}_t' + \mathbf{R}_t)^{-1}$ ”

p.532, l.12: Change “using emperical Bayes” To “using empirical Bayes”

p.561, l.10: Change “T. J. Santner, W. Notz, and B. J. Williams.” To “T. J. Santner, B. J. Williams, and W. Notz.”

p.564, l.10: Change “and F. t. Tangang” To “and F. T. Tangang”
